

K1 spatial distribution: last 24-month mean local CE activation

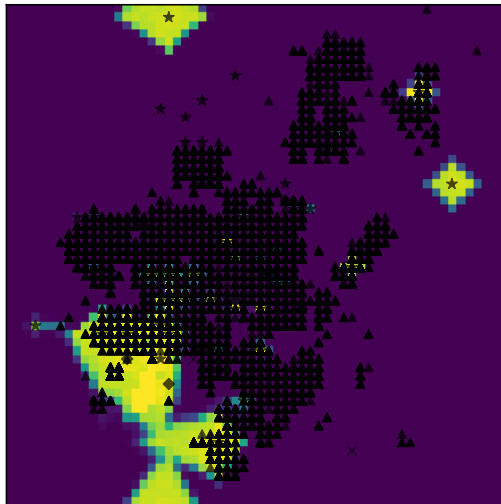

Linear reference
(n=100)

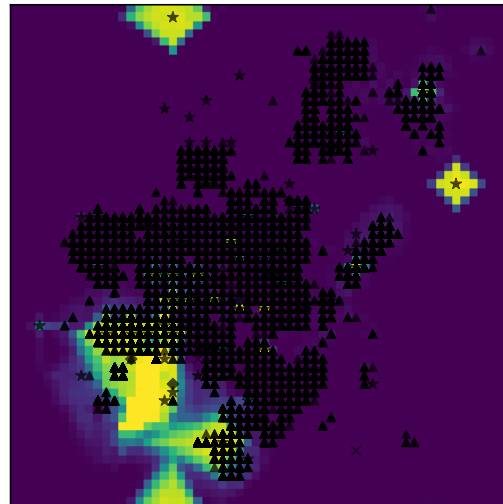

Light CE
(n=100)

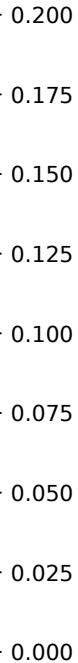

Baseline CE
(n=100)

Targeted CE expansion
(n=100)

Mean local CE activation

K1 spatial uncertainty: cross-replication SD of last 24-month mean

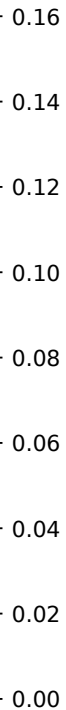

Linear reference
(n=100)

Light CE
(n=100)

Baseline CE
(n=100)

Targeted CE expansion
(n=100)

Cross-replication SD

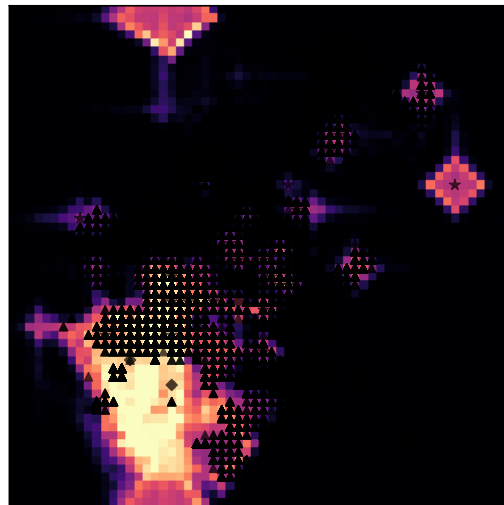

K1 spatial variability: within-run temporal SD over the last 24 months

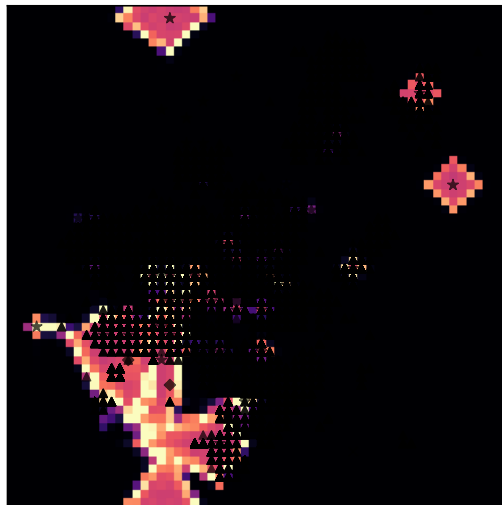

Linear reference
(n=100)

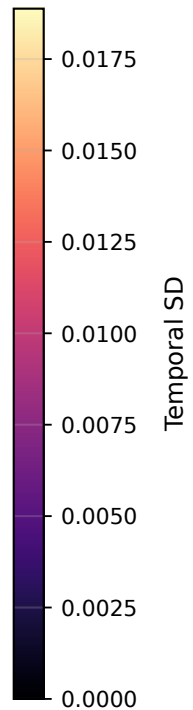

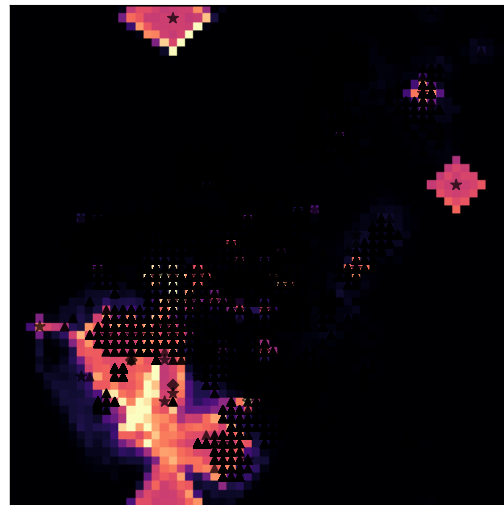

Light CE
(n=100)

Baseline CE
(n=100)

Targeted CE expansion
(n=100)

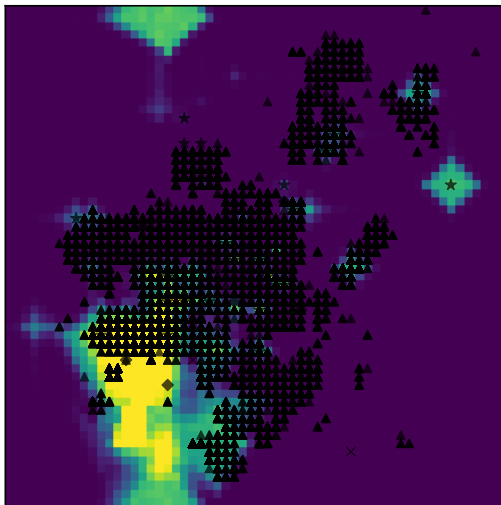

K1 spatial change: final minus initial local CE activation

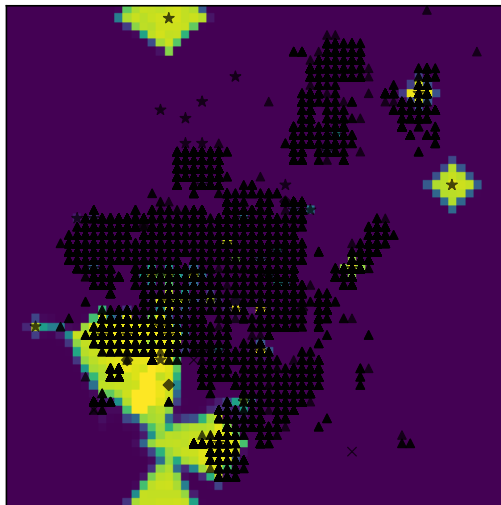

Linear reference
(n=100)

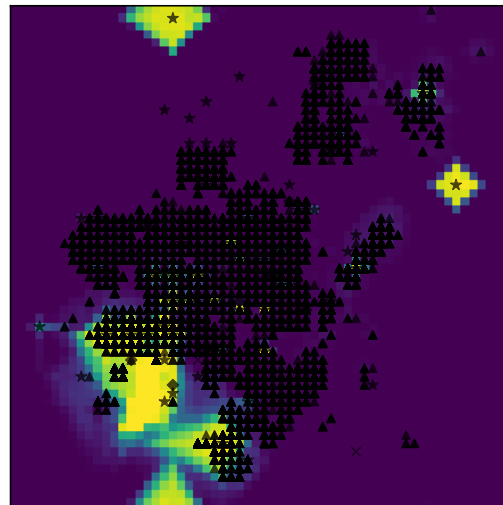

Light CE
(n=100)

Baseline CE
(n=100)

Targeted CE expansion
(n=100)

Final-minus-initial change
